SHERIDAN HOUSE
ANSWERS FOR TODAY'S FAMILY

Donated car given to single mom

Single mom in transitional housing

What are you supporting?

With your help, teenage boys, along with their parents, gain mentorship through the children's residential program. These boys have behavioral issues at home and school. Single moms also come to Sheridan House to attend life-skills trainings and have access to shop for free in our food pantry. Some also live in transitional housing on campus. Families and individuals benefit from our counseling centers and the Parenting on Purpose teaching resources.

Boys in residential program
